

Synthetic Biology Australasia Conference

SBA
SYNTHETIC BIOLOGY
AUSTRALASIA

21-22 September 2017

Sydney, Australia

Following the success of the inaugural Cutting Edge Symposium in 2016, Synthetic Biology Australasia will again be hosting a regional two-day conference to bring together the research community working in this field.

The program includes an array of speakers representing the broad applications offered by Synthetic Biology. We invite you to join us to discover the latest developments in the field.
